

My Favorite Character

What is your idea of a great character?

- What makes a character "great"? What are their traits?

- Using our Classroom EARTH bookmark on your iPad, select Week 1 Assignment Summaries, then CHARACTER CARD PLANNING SHEET.
 - 1. In your journal, use the Character Planning Sheet to describe the character assigned.
 - 2. When you have finished planning, you will then create a MANGA (a characterized image of Japanese origin) which has many of the overall traits which you described, attributed to the image. To create your MANGA, please click here to go to [FaceYourManga](#).
 - choose Gender (Boy or Girl), and continue to build.
 - at the end, take a picture of your MANGA (click the power button and the home button simultaneously, to take a snap shot.)

(continued on the next slide)

Go to it,

- The picture will automatically save in the Photos app.
and name your MANGA.

**VERY IMPORTANT: Hand it in to my Dropbox!*

- click the 'Dropbox' app, select the "Home" button
- Select "My Dropbox: and the folder that you want (Mrs. Ross Class A or B)
- Select the "Camera" icon, then select "existing photos or videos" to put your Manga in the Dropbox.
- You might see other students' work loading into the folder.
- I will automatically receive your file!

Your manga will be graded along with your planning sheet according to the expectations of the rubric, which has been posted on our ClassroomEARTH blog. As always, do good work!
